

Individual Anaphylaxis Management Plan

This plan is to be completed by the Principal or nominee on the basis of information from the student's medical practitioner (ASCIA Action Plan for Anaphylaxis) provided by the Parent.

It is the Parents' responsibility to provide the School with a copy of the student's ASCIA Action Plan for Anaphylaxis containing the emergency procedures plan (signed by the student's Medical Practitioner) and an up-to-date photo of the student - to be appended to this plan; and to inform the school if their child's medical condition changes.

- Difficulty talking and/or hoarse voice

This Individual Anaphylaxis Management Plan will be reviewed on any of the following occurrences (whichever happen earlier):

- annually;
- if the student's medical condition, insofar as it relates to allergy and the potential for anaphylactic reaction, changes ;
- as soon as practicable after the student has an anaphylactic reaction at School; and
- when the student is to participate in an off-site activity, such as camps and excursions, or at special events conducted, organised or attended by the School (eg. class parties, elective subjects, cultural days, fetes, incursions).

I have been consulted in the development of this Individual Anaphylaxis Management Plan.

I consent to the risk minimisation strategies proposed.

Risk minimisation strategies are available at Chapter 8 - Prevention Strategies of the Anaphylaxis Guidelines
