Dear Parents,

As part of our social, emotional and physical health education this term we are having the Life Education mobile classroom visit our school from 27<sup>th</sup>- 29<sup>th</sup> of March. Life Education Victoria has been visiting our school for many years, helping to facilitate the development of positive life skills in students.

Lessons are always age appropriate and the children will be covering a wide range of health related topics, ranging from the human body and how it works, to healthy eating and nutrition, medicines and drugs, bullying, resilience and social skills. Healthy Harold, the much loved Life Education giraffe mascot is always a much anticipated element of the Life Education visit. The sessions are fun, interactive and really extend and develop the children's understanding of the topics covered. We will be further broadening these topics in class both prior to and after the Life Education visit with the student workbook which is included in the cost of the visit. It is important that your child attend this session.

**The cost for this incursion is \$10.00 per child.**

As part of this program we are offering you (parents) the opportunity to visit and learn more about our Life Education mobile classroom, while it's here at our school. Have you ever considered the following?

**What is my child learning in Life Education?**

**Have you seen inside the Life Education mobile classroom, or know of Harold?**

**What drug education is appropriate for primary school students?**

**How is health and drug education integrated into your school's curriculum?**

**Want to know more?** Register for the Parent Information Session, to be held at 9am on Monday 27<sup>th</sup> March.

Please fill out the attached permission slip for your child (and yourself if you wish to attend the parent session) and return to school by Tuesday 21<sup>st</sup> March.

Thank you,  
Carney Kucharski
